

EMISSION CLASSIFICATION OF BUILDING MATERIALS

ARPA INDUSTRIALE SPA

The classification working group set up by The Building Information Foundation RTS has approved the following product:

FENIX NTM – Thin
FENIX NTM – Solid
FENIX NTM – Bloom
FENIX NTM MATCHED COLOR CORE – Thin
FENIX NTM MATCHED COLOR CORE – Solid
FENIX NTA – Thin
FENIX NTA – Solid
FENIX NTA MATCHED COLOR CORE – Thin
FENIX NTA MATCHED COLOR CORE – Solid

as belonging to emission class M1 for building materials.

The classification is valid until 18.10.2024.

ARPA INDUSTRIALE SPA has the right to equip its classified products with the classification mark and to use this classification mark when marketing these products.

The decision is in line with the requirements laid down in the Classification of Indoor Climate 2018 and the Classification of Building Materials: General Rules.
