GERMANY

Cutlery inserts

The cutlery insert LINEA combines exclusive design, high quality appearance and individual functionality to provide an excellent storage solution for all kitchen spaces. German quality, along with modern machinery and tool technology optimize material distribution, stability and durability.

LINEA

- Exclusive
- High Quality Material
- Functional Appearance

Precise

Characteristics include clear geometric structures, practical compartments for small parts in various sizes and depths and dividers - which allow an individual subdivision of the multi-purpose compartments.

Exceptional

As an additional option, the LINEA can be equipped with exclusive accessories: a divider made of high impact polystyrene, as well as attractive spice jars and blade inserts made of solid beech. This high quality cutlery insert is manufactured from a strong, thick material.

Cutlery trays from the TREND II Series feature in their slightly diagonal arrangement an aesthetic shape. The additional space increases the possibilities in a standard drawer. The rounded corners in the individual compartments ensure easy cleaning and high stability.

Modern machinery and tool technology equal optimum distribution and reliability.

TREND II

Natural

The plastic used is polystyrene which is food safe and meets all requirements in modern kitchens.

Comprehensive

TREND II Series is designed for worktop depths of 500mm. Available for cabinet widths between 500mm to 900mm.
